

POWERED BY YOU

A Renewable Newstead survey

You know the saying 'information is power'? It has added meaning for Renewable Newstead.

You may have heard about the Renewable Newstead project at our information day on July 31. It proposes to shift Newstead to 100% renewable energy.

Now the team behind this project wants to hear from you.

Complete our survey to help us understand the issues you have as Newstead energy consumers so our Renewable Newstead project can best respond to them.

It should take less than 10 minutes to complete.

Any information you provide is confidential. Renewable Newstead and Newstead 2021 Inc will use the information for this project exclusively. It will not be shared with third parties for marketing or any other purposes.

You have three options:

- Complete the on-line version at renewablenewstead.com.au
- Complete this copy or download a copy, print it out complete and return to the Newstead Rural Transaction Centre or the Enviroshop
- Download a copy and return it via email here to info@renewablenewstead.com.au.

Please return it to us by 5pm Friday, September 2 at the latest.

Email your queries to info@renewablenewstead.com.au or call Gen Barlow on 0427 762 633 if you need help filling it out.

Many thanks, the RN Team
