

# Renewable Newstead Writer

Renewable Newstead (RN) is seeking a writer who can tell our story.

The story will be about social licence; it will be about technical feasibility; it will be about economic and financial feasibility; it will be about community engagement; and, it will be about the changing public policy environment. The RN story started more than 10 years ago and will be complete in the 12 months but we want the story to be substantially written soon because lots of people are interested in our experiences.

The audiences for the RN story are:

- Other community groups who are thinking about doing something similar.
- The Victorian state government.
- RN volunteers who can use aspects of the story when doing presentations.

Other aspects of the RN story will include the challenges experienced along the way; commentary on what could be done differently; highlights experienced and what we are most proud of; as well as, key determinants of success.

The information for the story is contained in documents that we can provide to you and via interviews that we expect you will conduct with a variety of people. Not everyone will have the same view but this is OK. We expect the differing views to be included in the story. We have a limited image bank but what we have will be available for the RN story. We expect that the story will be an e-publication. We anticipate that some referencing will be required.

We want you to tell us why you are the right person to do the job. You can tell us this in any way you like but you might consider including information about:

- What else have you done like this
- Examples of your writing and/or reports
- How might you go about writing this story
- How local you are to Newstead
- When you can start
- How long you think it will take to write the story so far
- Whether or not you have skills in document layout and publishing

For additional information please telephone 0403 801 147 during business hours (preferred) and you will be directed to the relevant person. We are offering a payment of \$10,000 plus GST if applicable. We want to know about your offer by Wednesday 4<sup>th</sup> January 2023.
